

GIGA X3c Professional

GIGA X3c Professional

Technical overview

Specific advantages

Customisable product names	■
Compatible with JURA Connect App	■
Compatible with JURA Coffee App Professional	■
Latte macchiato / Cappuccino at the touch of a button	2
Flat white / Caffè latte at the touch of a button	2
Pot of espresso-quality coffee	■
No. of individually programmable specialities	34
Barista recipes	■
Direct water supply connection	■
Drip drain set	■
Separate water tank for descaling	■
Milk or milk foam preparation selectable via electrically controlled air intake	■
JURA fine foam technology	■
Electrically adjustable ceramic disc grinder	■
Power hot water system (3 temperature levels)	0.5 l/min.
Powder recognition for additional ground coffee variety	■
Remaining time display	■
Generating code groups	■
Automatic milk rinse	■

JURA standards

Variable brewing chamber, from 5 g to 16 g	■
Intelligent Pre-Brew Aroma System (I.P.B.A.S.®)	■
Intelligent preheating	■
Active bean monitoring	■
Energy Save Mode (E.S.M.®)	■
High-performance pump, 15 bar	2
Thermoblock heating system	2
Fluid system	2
Monitored drip tray	■
Integrated rinsing, cleaning and descaling programme	■
Adjustable water hardness	■
One or two cups of espresso in one brewing operation	■
JURA hygiene: TÜV-certified	■
Zero-Energy Switch or power switch	■
Swiss made	■

Settings and programming options

Programmable and individually adjustable amount of water	■
Programmable and individually adjustable coffee strength	5 levels
Deactivatable intelligent Pre-Brew Aroma System	■
Programmable brewing temperature	3 levels
Programmable amount of milk	■
Programmable hot water temperature	3 levels
Programmable amount of hot water	■
Rotary Switch for intuitive navigation	■
Programmable preparation buttons	8
Resettable day counter	■
Programmable switch-on and switch-off time	■
Shows the number of preparations for each individual product	■
Integrated milk system rinsing and cleaning programme	■

Design and materials

Alu Frame Design® 3 mm aluminium front panel	■
TFT colour display	■
Centre panel in Piano Black	■
Amber / White cup illumination	■
Powder chute for second, ground coffee	■
Sound design	■

In figures

Height-adjustable dual spout (milk/coffee)	70 – 159 mm
Width-adjustable dual spout	20 – 50 mm
Height-adjustable hot water spout	69 – 165 mm
Coffee grounds container (servings)	approx. 40
Bean container with aroma preservation cover	1 kg
Cable length	approx. 1.1 m
Voltage	220 – 240 V ~ /10 A
Power	2300 W
Permanent water connection	G 3/4"
Drip drain pipe	DN 15
Stand-by power	< 0.5 W
Weight	18.2 kg
Dimensions (W × H × D)	32 × 55 × 49.7 cm
Colour	Aluminium

GIGA X3c Professional

Moving into the top class with permanent water connection

Benefits

- Permanent water connection with drip drain
- Large bean container with aroma preservation cover
- Electronically adjustable ceramic disc grinder
- Customisable start screen

Accessories

- Glass Cup Warmer
- Compressor Cooler Pro
- Coffee grounds disposal set
- Coffee to Go equipment
- Cashless Compact Payment Box
- Smart Compact Payment Box
- JURA Connect App
- JURA Coffee App Professional

The GIGA X3c Professional offers everything needed by staff in a large office or break-out room. It delivers up to 34 individually programmable speciality coffees and another 12 barista recipes at the touch of a button, including the en-vogue flat white. As well as offering simple operation, it takes minimum effort to refill thanks to the large bean container with a holding capacity of 1 kg and aroma preservation cover. Other features include a drip drain set and optional coffee grounds disposal function set. Integrated rinsing and cleaning operations started at the touch of a button minimise the amount of work needed to maintain the machine on a daily basis. It's sure to go down a treat with your staff. If you need a coffee machine that works efficiently and continuously throughout the day, we recommend this compact solution with direct permanent water connection.

Technologies

34 specialities, as well as the start screen, can be individually programmed to suit the occasion or customer. For instance, products can be renamed and arranged to the user's liking on the display. The high-performance ceramic grinder, controlled by electronic motors, guarantees quick, precise, even and consistent grinding for many years to come. As an ingenious feature, the air intake in the dual spout is electrically adjusted by a geared stepper motor. When you make a latte macchiato, the machine automatically dispenses hot milk followed, without a pause, by milk foam into the glass. This feature saves valuable time.

Cleaning/Hygiene

As well as being easy to operate and programme, the machine is designed to be very easy to care for. The integrated rinsing, cleaning and descaling programmes reduce the effort involved to a minimum and guarantee TÜV-certified hygiene. The GIGA X3c Professional offers very long maintenance intervals, especially when used in conjunction with a CLARIS filter system.

Customisable

With a wide selection of accessories including a cup warmer, milk cooler, coffee grounds disposal function set and interface for accounting systems, as well as an attractive range of storage and presentation units, it is possible to create a complete coffee solution tailored to your specific requirements.

SWISS MADE
